

- **Feedback from Prestolee School**

Mosque

- The best thing in the mosque was the heated floor; I had never been in a mosque.
- I found out that the person who led the prayers is called the Imaam.
- I also enjoyed looking at the two prayer rooms and the wash room and I never knew there could be a library in a mosque.
- The mosque was really interesting.

Temple

- The temple is something I've never seen before never mind been in, I am looking forward to learning about Hinduism very soon.
- I learnt a lot about the Hindu temple... like most Hindu's live in India. I have never been to a temple.
- I found out that Hindus only believe in one god but they believe that he/she came in lots of different appearances.
- The best thing in the temple was the decoration and the photos also the animation of the 'right hand up'.

Church

- In the Methodist church I found out that that John Wesley went and preached in a field on a stone.
- The church was educational and funny at the same time. The priest is really nice.
- I really enjoyed it.

“On our trip to the mosque, temple and church I learned a lot and felt good that they would answer all our questions”

“I thought that the R.E trip was very interesting and it made learning fun. We had a warm welcome into every place of worship.”

“It has been a pleasure to see how other cultures live their lives and thank you for all that you has done.”
